## DETAILED ACTION

### ***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on February 2, 2007 has been entered.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4, 6, 12 and 14 are rejected under 35 U.S.C. 102(b) as being anticipated by Vance et al. (US 5,358,485).

Vance et al. disclose a flexible cutter or tap apparatus having shaft 12 with a first passage and a second passage on an outer surface of the shaft; and a guide pin removably engaged with the first passage wherein dye can be injected for visualization purposes through a port 46 in handle 11 (Figs. 1-6, col. 4, lines 43-68, cols. 5-6 and col. 7, lines 1-8).

The method steps of claim 12 are inherently performed when the Vance et al. device is used for creating a passage in tissue during an artherectomy procedure.

### ***Response to Arguments***

Applicant's arguments with respect to claims 1-4, 6 and 12 have been considered but are moot in view of the new ground(s) of rejection.

Art Unit: 3733

***Allowable Subject Matter***

Claim 13 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 7, 8, 10, 11 and 15 are allowed.

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
